Assemblymember Tom Umberg
Assembly District 69

Tom Umberg
ASSEMBLYMEMBER

Dear Kids,

This activity book is designed to help you understand the basic concepts of fire safety, burn prevention, and emergency procedures.

Each of these activities teaches you important concepts about safety. The lessons are geared toward solving real problems and making choices. It is recommended that you practice these safety tips with your family and friends.

The Legislature is continually working to create new laws that help protect you and your family. Please take the time to look over the fire safety information in this coloring book. You too can play a role in making sure that everybody is safe.

Fire Safety is important to everyone. *Now let's have some fun!*

Your State Assemblymember,

TOM UMBERG
Assembly District 69

Hot Dog's Fire Safety Lessons

1. Fire safety starts with you!
2. Fire is not a toy!
3. Some are hot – Some are not!
4. Where there's smoke and fire... stay low and go!
5. Smoke detectors save lives!
6. Stop...Drop...Roll... Cool...Call!
7. In emergencies, call 9-1-1 for help!
8. Firefighters are our friends!
9. It's not just firefighting!
10. Can you find the fire dangers?
11. Plan an escape route. Don't hide... get outside!
12. Special days – Special dangers?

Hi Kids
I'm Hot Dog!
Are you all set to
learn fire safety
today?

Fire Safety Information

Smoke detectors save lives

- Have at least one on every level of your home.
- Check the battery once a month. Change the battery twice a year on the days you change your clocks. And always have your parents change the battery when you get a low battery alert.
- Position it on your ceiling in an area that leads to the bedrooms.

Have a home escape plan

- Practice fire drills in the home in the dark.
- Plan alternate escape routes in case your normal route is blocked by fire or smoke.
- Keep security bars on windows and doors operable in case of fire or emergency.

Be careful using portable space heaters

- Only buy units with the UL or FM rating tags.
- Keep all portable space heaters at least 3 feet away from combustible materials.
- Disconnect and shut off all portable space heaters when not in use.

Keep matches away from children

- Matches are not toys; therefore, we do not play with them.
- Notify a responsible adult when they find matches.
- Store matches safely out of the reach of children.

Smoking is dangerous

- Unsafe smoking habits are a common cause of fire.
- Smoking will eventually lead to many serious ailments or even death.
- Always check all ashtrays, sofas, chairs, tablecloths, garbage cans and carpeting for lit cigarette butts before going to bed.

12.

Special days - Special dangers?

Wear fire retardant
and high visibility
costumes.

Fireworks are very
dangerous. They are
not toys.

Be careful with
tree lights and
candles.

Be extra careful on special days and be safe with your family and friends.

Can you think
of any other
special days?

|----------|----------|
| 1. _____ | 4. _____ |
| 2. _____ | 5. _____ |
| 3. _____ | 6. _____ |

1.

Fire safety starts with you!

This is my Fire Safety activity book

My name is: _____

I live at: _____

My school is: _____

My phone number is: _____

Draw a picture of yourself here.

"If you are in trouble you can
always go to a firehouse or
a firefighter for help!"

Firefighters
are our
friends!

2. Fire is not a toy!

Circle things only
grown-ups should
handle in **RED**.

Circle the toys
in **BLUE**.

Kids, don't
ever play with
fire – it can
burn you.

“Fire is not a toy!
If you ever find matches
or lighters, give them to a
grown-up.”

11. Plan an escape route. Don't hide – get outside!

From the items below, find all the
safe ways to get out of your house.
Color the safe ways in **GREEN**!
Color the non-exits in **RED**!

Have an
escape plan and
stick to it!

Plan 2 ways out and have a
planned meeting place!

“Did you know that you and your family
should have fire drills at home so that
you will know what to do in case of a fire?

This is called an **ESCAPE PLAN**!”

10.

Can you find the fire dangers?

Circle all of the fire hazards in RED.

Let's make sure your home is safe!

3.

Some are hot - Some are not!

Circle things that are hot in RED.

Circle things that are cool in BLUE.

Know what's hot and what's not!

4. Where there is smoke and fire... stay low and go!

"Smoke can hurt your eyes so you can't see. It will make you cough."

Remember the air is clear below the smoke!

"That's why we have to drop low to get under the smoke and fire."

"Color in the smoke. Then discuss how each of my friends will get out safely. What would you do?"

9. It's not just firefighting!

The Fire Department can also help if you are sick or hurt. It's called Emergency Medical Services.

EMS

These are some of the tools EMS workers use to help you!

8. Firefighters are our friends

5. Smoke detectors save lives

Smoke Detector Checklist

Go over this checklist with a grown-up.

- ☐ We have smoke detectors near where we sleep.
- ☐ We make sure grandparents have working smoke detectors in their home.
- ☐ We change the battery twice a year on the days we change our clocks.
- ☐ We test the battery once a month.

6. Stop... drop... roll... cool... **CALL!**

STOP!

"Running will make the fire worse!"

DROP!

"Drop to the floor!"

ROLL!

"Roll back and forth and cover your face with your hands. This will put out the fire."

COOL!

"Use water to cool the burn!"

CALL!

"Call 9-1-1 for Emergency Help!"

If your clothes catch fire, never run. Follow these 5 steps.

7. In emergencies, call 9-1-1 for help

Fill in the blanks below with the correct words.

- ☐ Phone
- ☐ Address
- ☐ Fire or Emergency
- ☐ Instructions
- ☐ Answer
- ☐ Name
- ☐ 9-1-1

First you dial _____. Then wait for an _____.

Give your _____ and _____.

Tell where the _____ is.

Stay on the _____

and wait for

more _____.

Be sure you know how to call me in an Emergency!
